ASSEMBLY AND INSTALLATION

NOTE: The NAF31-32-33HBA fan panels are designed for use with 19" wide equipment racks. See the specific installation instructions provided with the rack for additional installation information.

1. Attach the fan panel (A) within the rack, using four 10-32 x 3/4" header point Phillips screws (not included). (See Figure 1)

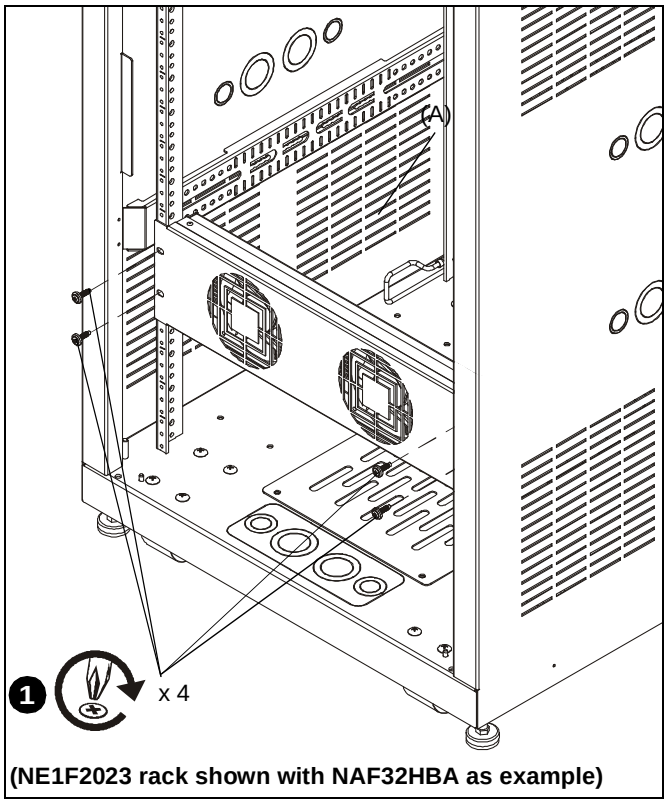

Figure 1

2. Plug the adapter (C) into the DC power supply (B).
3. Plug power supply into back of fan panel (A). (See Figure 2)
4. Secure power supply plug using a cable tie (not included) through the cable tie mount. (See Figure 2)

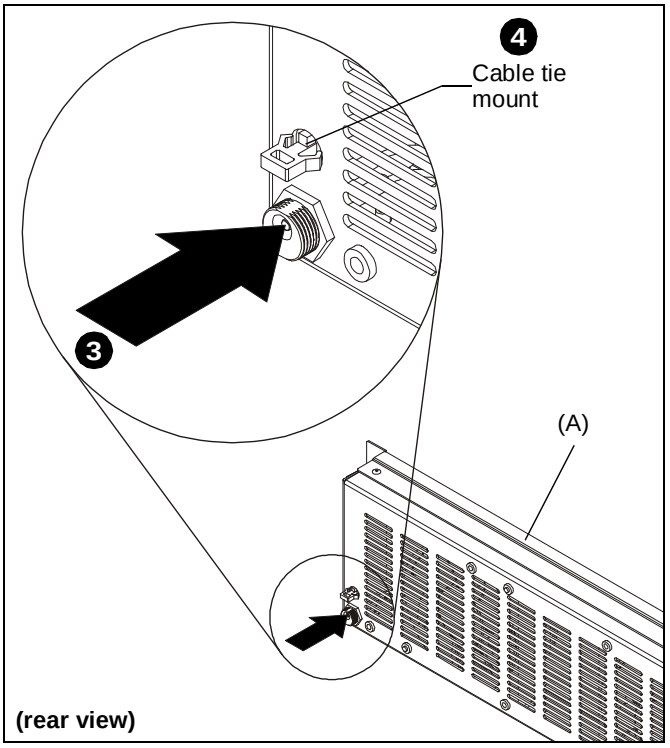

Figure 2

5. Plug the power supply into an available outlet.
6. Complete the installation following the rack installation instructions.
